

Adventures of the

FEMA

Game Instructions

Question Cards are red  **Answer cards are yellow** 

Form at least two teams.

Take turns reading a red question card.

Check the answer, using the yellow card with the same number.

Keep track of the points you earn.

Play the bonus challenge cards together. The team with the most points at the end of the game is the winner.

Remember what the Disaster Dudes say:

“You’ve got to be ready to deal with a disaster!”

FEMA

Disaster: Earthquake

Value: 500 Points

1

Question:

You are inside a building and begin to feel the shaking of an earthquake. What should you do?

Disaster: Tornado

Value: 500 Points

2

Question: You are riding in your car when you see the funnel shape of a tornado. It seems the tornado is coming your way. What should you do?

Disaster: Hurricane

Value: 500 Points

3

Question:

You just heard that there is a hurricane warning for your area. What should you do?

Disaster: All Disasters

Value: 500 Points

4

Question:

A disaster is coming to your area. You and your family have been told to evacuate your home. What should you bring with you?

Disaster: Fire

Value: 500 Points

5

Question:

You wake up to find your room is full of smoke. What do you do?

Disaster: Tornado

Value: 500 Points

6

Question:

You are at home when you hear a tornado warning. What should you do?

Disaster: Blizzard

Value: 500 Points

7

Question:

It is snowing hard and you can't get home. You try calling your family but their cell phones are not working. What should you do?

Disaster: Thunderstorm

Value: 500 Points

8

Question:

A bad thunderstorm results in loss of electricity. What items do you need?

Disaster: Flood

Value: 500 Points

9

Question: It rained non stop for 4 days. All the roads to your home have been flooded and you can't get home from school. Where should you go?

Disaster: Tsunami

Value: 500 Points

10

Question: You are on the beach when you notice the waves pulling towards the ocean without rolling back out. What disaster might happen next and what do you do?

Disaster: Blizzard

Value: 500 Points

11

Question:

During a blizzard, you are trapped in your car. Should you stay in your car or get out?

Disaster: Fire

Value: 500 Points

12

Question:

You smell smoke and find a fire burning in the bedroom. What should you do?

Disaster: Flash Flood

Value: 500 Points

13

Question:

It has been raining very hard for the last several days. As you are walking, you see water covering the road. What do you do?

Disaster: All Disasters

Value: 500 Points

14

Question: You are building an emergency kit with your family before a disaster happens. What things should you pack if there are babies or pets in your home?

Disaster: Fire

Value: 500 Points

15

Question:

What can your family do to prepare for a fire in your home before it happens?

Disaster: All Disasters

Value: 500 Points

16

Question: How many gallons of water does 1 person need for 1 day (24 hours) in the case of an emergency?

Disaster: Thunderstorm

Value: 500 Points

17

Question: Name 3 things that you should NOT do during a thunderstorm because they could cause injury and harm.

Disaster: Flood

Value: 500 Points

18

Question: You are in the car with your Dad who is driving. You see some water flooding the surface of the road. Your Dad thinks you can drive through it. What do you do?

Disaster: Earthquake

Answer:

1

Drop, cover, and hold on. The safest thing to do is take cover where you are. Don't try to run out of the building, because things could fall on you and hurt you.

Disaster: Tornado

Answer: Get out of the car,

2

lie face down in a low area (ditch) and cover your head. You cannot out-drive a tornado! Tornadoes are unpredictable and can blow cars away.

Disaster: Hurricane

Answer: Leave if the warning

3

tells you to do so and bring your emergency kit. Keep listening to the radio for instructions. Bring pets inside and stay away from windows and glass doors.

Disaster: All Disasters

Answer: Take your pets and

4

family emergency kit: food, water, blankets, flashlight, radio, extra batteries, whistle, first aid kit, toilet paper, wipes, spare clothes, important papers, and medicine.

Disaster: Fire

Answer: Crouch low to the

5

floor (smoke rises). Take the fastest route out of the home. If the door to your room is hot, use another exit such as a window. Go to your family meeting place.

Disaster: Tornado

Answer:

6

Go to the lowest level of your home. If you do not have a basement, go to a bathroom or closet near the middle of the lowest floor of your home.

Disaster: Blizzard

7

Answer: Use your family's communication plan. Call your out-of-state contact to tell them where you are and get any information about where your family is.

Disaster: Thunderstorm

8

Answer: You need a flashlight, extra batteries, warm blankets (if it is cold outside), and battery-operated radio. If you are there for more than a few hours, you need food and water as well.

Disaster: Flood

9

Answer:

Go to your family's out-of-neighborhood meeting place such as a community center or library.

Disaster: Tsunami

10

Answer: A tsunami may

occur next. Tell the people around you and run to higher ground or go inland. If you can't do either, go to the highest floor in a nearby building.

Disaster: Blizzard

11

Answer:

Stay in your car. Stay warm with blankets. Use your car emergency kit. Keep snow away from the exhaust pipe. Hang a colorful distress flag from the antenna.

Disaster: Fire

12

Answer: Shut the bedroom

door and get out of the house. Yell fire to any family members that might still be in the house. Call the fire department from the nearest neighbor's house.

Disaster: Flash Flood

13

Answer:

Turn around and walk the other way. You won't be able to tell how deep the water is and it may be moving faster than it appears.

Disaster: All Disasters

14

Answer:

Take pet food, collars, leashes and carriers for your furry friends and baby food, diapers, and blankets for small children. Bring medications that are needed for pets or babies.

Disaster: Fire

15

Answer:

Install and regularly check fire detectors. Plan an easy exit route from each room. Designate a meeting spot outside your house to go when there is a fire.

Disaster: All Disasters

16

Answer:

1 Gallon. It is ideal to plan to have enough food and water in an emergency kit for each family member to last 3 days.

Disaster: Thunderstorm

17

Answer: Use computers,

phones, or appliances that plug in the wall. Stand near large windows. Go outside and stand under a tree. Go swimming in a pool. These are all harmful activities!

Disaster: Flood

18

Answer:

Tell your Dad that you should "Turn around, don't drown!" Even 2 feet of rushing water can carry away most vehicles, even SUV's. Ask him to be safe and find another route.

★ **BONUS CHALLENGE CARD** ★

1,000 points

You notice the beginning of a brush fire in your neighborhood. With a pretend phone, practice what information you would relay to the fire department.

★ **BONUS CHALLENGE CARD** ★

1,000 points

Your elderly neighbor doesn't have a home emergency kit. Draw a picture of what their emergency kit should look like with labels on each item. Remember to take into account the fact that they may be on medications.

★ **BONUS CHALLENGE CARD** ★

1,000 points

A friend of yours says that hurricanes and earthquakes never happen here so there is no need to prepare. Practice your argument to change his or her mind.

★ **BONUS CHALLENGE CARD** ★

1,000 points

Name some food items that would be good for an emergency kit and why. Name some foods that would NOT be good for an emergency kit and why. Make a diagram that organizes all these examples of food items.

★ **BONUS CHALLENGE CARD** ★

1,000 points

During a disaster, some people get anxious and panic. Brainstorm some strategies for staying calm. Make a poster telling your class why it is important to stay calm and directions on how to stay calm during a disaster.

★ **BONUS CHALLENGE CARD** ★

1,000 points

Make a list of adults who can provide help to you during a disaster. Make a chart of where can you find these people in your town.
